

National Disaster Recovery Framework

FEMA

National Disaster Recovery Framework

Reasons for establishing the Framework

Past large-scale recovery efforts revealed a need for:

- Guidance and training
- Common doctrine
- Established and efficient recovery organizations
- Definitions of recovery roles and responsibilities

PPD-8 – supports achievement of National Preparedness Goal

FEMA

National Disaster Recovery Framework

How will the Framework transform Recovery:

- Promotes the establishment of post-disaster organizations to more effectively manage and coordinate recovery operations
- Forges a common understanding across all levels of government **prior** to disasters
- Creates a scalable and flexible coordination structure to:
 - Streamline and simplify assistance
 - Bring all appropriate players to the table

FEMA

National Disaster Recovery Framework

Nine Core Principles

- Individual and Family Empowerment
- Leadership and Local Primacy
- Pre-Disaster Recovery Planning
- Partnerships and Inclusiveness
- Public Information
- Unity of Effort
- Timeliness and Flexibility
- Resilience and Sustainability
- Psychological and Emotional Recovery

FEMA

National Disaster Recovery Framework

Key Element #1 – Leadership

- Local Disaster Recovery Managers
- State Disaster Recovery Coordinator
- Federal Disaster Recovery Coordinator

FEMA

National Disaster Recovery Framework

Key Element #2: Pre- & Post-Disaster Recovery Planning

- Fundamental to the implementation of a well-orchestrated recovery process
- Pre-disaster recovery planning enables effective coordination of recovery activities and expedites a unified recovery effort
- Post-disaster recovery planning forms the foundation for allocating resources and provides the benchmark for progress

FEMA

National Disaster Recovery Framework

Key Element #3: Recovery Support Functions (RSFs)

RSFs are led by designated Federal coordinating agencies at the national level:

- Community Planning and Capacity Building (DHS/FEMA)

- Economic (Commerce)

- Health and Social Services (HHS)

- Housing (HUD)

- Natural and Cultural Resources (DOI)

- Infrastructure Systems (USACE)

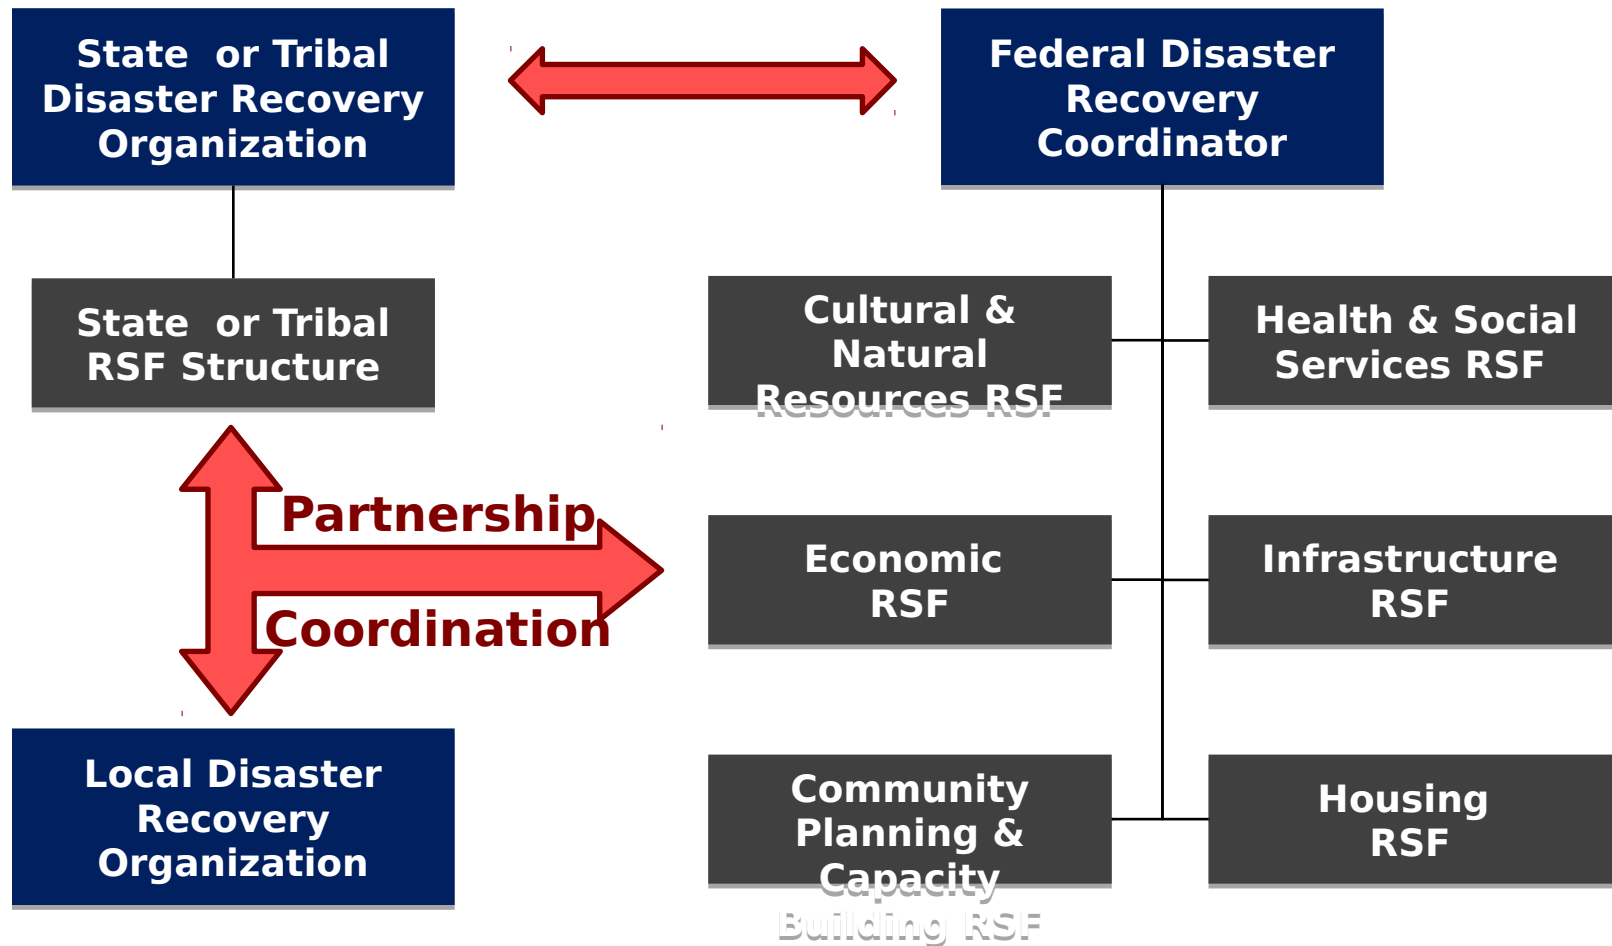

US Army Corps
of Engineers

FEMA

National Disaster Recovery Framework

RSF Coordinating Structure

FEMA

National Disaster Recovery Framework

Community Planning and Capacity Building

FEMA

Mission:

The **Community Planning and Capacity Building (CPCB) RSF** coordinates support (technical, financial, capacity) and helps build the recovery capacities and community planning resources of state, tribal, territorial, and local governments before and after disaster events through enhanced governmental capacities to effectively plan for, manage, and implement disaster recovery activities in large, unique or catastrophic disasters.

FEMA

National Disaster Recovery Frame

Community Planning and Capacity Building I

FEMA

- Need, issue and resource identification, communication and information sharing among partners interested in community recovery organization, planning, leadership, management, and capacity building
- Assessment and analysis of local jurisdictions and communities that will be challenged with recovery organization, planning and management
- Contributes actions and support strategies for the FDRCs preparation of disaster-wide action plans and the Recovery Support Strategy.
- Coordination and leveraging of CPCB related recovery resources to aid States in supporting needs of its communities
- Builds on the FEMA *Post Disaster Recovery Planning Assistance Program (formerly LTCR planning)* using other federal, state, non-governmental, professional organizations to aid communities.
- Implementation support and monitor progress.

FEMA

National Disaster Recovery Framework

Economic RSF

Mission:

The **Economic RSF** integrates the expertise of the Federal government to help local, state, and tribal governments and the private sector sustain and/or rebuild businesses and employment, and develop economic opportunities that result in sustainable and economically resilient communities, after significant natural and man-made disasters.

FEMA

National Disaster Recovery Framework

Economic RSF

- Communication and information sharing
- Economic recovery impact assessment/analysis
- Development of an Economic Recovery Action Plan
- Coordinating and leveraging recovery assistance resources to implement the Economic Recovery Action Plan
- Implementation support and progress monitoring

FEMA

National Disaster Recovery Framework

Health and Social Services RSF

Mission:

The **Health and Social Services RSF** mission is for the Federal Government to assist locally-led recovery efforts in the restoration of the public health, health care, and social services networks to promote the resilience, health and well-being of affected individuals and communities.

FEMA

National Disaster Recovery Framework

Health and Social Services RSF

- Core Capability: Ability to restore and improve health and social services networks to promote the resilience, health (including public health, behavioral health, and medical services), independence, and well being of the whole community
- Leverages existing resources and programs
- Establishes a Federal focal point for coordinating Federal recovery efforts specifically for health and social services needs

FEMA

National Disaster Recovery Framework

Housing RSF

Mission:

Address pre- and post-disaster housing issues and coordinate and facilitate the delivery of Federal resources and activities to assist local, State and Tribal governments in the rehabilitation and reconstruction of destroyed and damaged housing, whenever feasible, and development of other new accessible, permanent housing options.

FEMA

National Disaster Recovery Framework

Natural and Cultural Resources RSF

Mission:

Integrate Federal assets and capabilities to help State and Tribal governments and communities address long-term environmental and cultural resource recovery needs after large-scale and catastrophic incidents.

Function:

The core recovery capability for this RSF is the ability to protect natural and cultural resources and historic properties through appropriate actions to preserve, conserve, rehabilitate, and restore them consistent with post-disaster community priorities and in compliance with appropriate laws.

FEMA

National Disaster Recovery Framework

Infrastructure Systems RSF

US Army Corps
of Engineers

Mission:

The **Infrastructure Systems Recovery Support Function (IS RSF)** integrates the capabilities of the federal government to support Tribal, State, and Local governments and other public and private infrastructure owners and operators to expedite to long-term infrastructure recovery.

FEMA

National Disaster Recovery Framework

Infrastructure Systems RSF

US Army Corps
of Engineers

- Communication and Information Sharing
- Recovery Needs Assessment and Analysis
- Development of an *Infrastructure Systems Recovery Action Plan (IS-RAP)*
- Coordinating and Leveraging Recovery Assistance Resources to Implement the *IS-RAP*
- Implementation support and monitor progress.

FEMA

National Disaster Recovery Framework

NDRF Implementation

- NDRF Roll Out and introduction at the National and Regional Level
- FEMA Regions support States and local governments in their NDRF implementation and planning capacity building process
- Conduct a National Workshop to promote the NDRF concepts and information and best practices exchange
